**MAYOR’S REPORT * * * **

Bostic reported:

- Joe Hogsett, U.S. Attorney for Southern Indiana, presented a check over $92,000.00 today to the Rushville Police Department. Rushville was 1 of 11 departments that worked together to take down a drug operation. The money has to be used for the police department for equipment.
- The trees have been ordered for the Main Street project and should be planted in a couple of weeks.
- The City picnic will be Thursday at the Root Building.

**CLERK-TREASURER’S REPORT * * * **

None.

**COUNCIL PRESIDENT’S REPORT * * * **

Goins said he has received several questions from citizens regarding a recent letter that has been sent out and asked for clarification on the new debt payment.

Copley said in the 2012 budget that was advertised there was money appropriated to purchase new equipment and also to pay for currently leased equipment through a debt service levy. During budget work sessions it was agreed not to purchase new equipment, but to use the levy to pay for equipment that we are now paying for out of the general fund. The 2 leases are approximately $900,000.00 and will be refinanced at a lower rate which will save the City money.
The DLGF will only allow a levy for debt that exists at the end of the year. Therefore, there will be no taxes levied for equipment that is not purchased.

Because of the interaction of tax rates and the circuit breaker, citizens will not be impacted by the new tax rate to pay off the existing leases.

Goins also said there was also a comment in this letter regarding the City charging a trash fee. Goins’ comment to that was that the City was merely studying different ways to create more revenue.

Bostic said he also has received concerns regarding this letter. He said he wanted to make it clear that this administration has not used any of the $2,000,000.00 in the electric liquidation fund. He said the prior administration had borrowed $565,998.00, and when he took office there was still approximately $259,000.00 left to pay back. This money was paid back in full by 2009.
