The Rushville City Common Council met on the above date and time at 270 W 15th Street, Rushville, Indiana. Mayor Bridges called the meeting to order at 6:07 p.m. Chris Fields, Darrin McGowan, John Byrne, Brian Sheehan, and Mike Pavey answered roll call. Also present was City Attorney, Julie Newhouse.

MINUTES * * *

Minutes of the November 21, 2006 meeting were presented for approval. Byrne made a motion to approve the minutes as presented. Sheehan seconded the motion. Motion carried.

MAYOR’S REPORT * * *

Mayor Bridges reported the following:

- I have e-mailed the Department Heads requesting that they contact me to set up an appointment with Stu Rhoades from Ameresco. Rhoades will make arrangements to have an energy audit done at each of your facilities. If Ameresco finds significant areas where savings could be made through the purchase of energy savings mechanisms in the building they will return and make a presentation to the City Council informing them how they can finance the project, using revenue generated from the energy savings to purchase the devices without costing the City anything.
- I will be meeting with personnel from INDOT tomorrow to discuss if the traffic signal is still warranted at 7th & Main Street. They have indicated they have done an analysis and the current traffic situation indicates little or no need for the traffic signal. I need your comments e-mailed to me before noon tomorrow, as I will be meeting with INDOT after lunch.
- Bill Todd asked me to inform you that RMH has acquired .212 acres from First Indiana Bank, just west of the bank building. They intend to install a drive for the exclusive use of emergency and delivery vehicles. This access will be off of Conrad Harcourt Way. I have brought a map that you may use to give you more information of the proposed plan. Tony, Kent, and I met with Brad Smith, CEO of RMH, today on an unrelated matter and he informed us of the proposal. We had no problem with the proposal, but would welcome any comment from the Council at this time.
