MAYOR’S REPORT * * *

Mayor Bridges reported the following:

- The City Attorney prepared a letter to the owners of the billboards south of town informing them that the boards must be down by 3/31/07, pursuant to their contract. Byrne made a motion to go ahead and sent the letter. McGowan seconded the motion. Motion carried.
- Next month Council will be asked to consider annexation of property owned by Rush Renewable Energy. According to Ice Miller we must reinstate the economic development board, which was enacted in 1973 under the administration of Raymond Gibson, but has become inactive. This is different from the redevelopment commission, and has different responsibilities. The City Council has one appointment to the board, as does the Mayor and the County Council. A copy of the ordinance was distributed defining the authority of the board and who may be considered to fill the position.
- We have reached a tentative agreement with the Chamber of Commerce to sponsor a series of concerts for the 2006 season. The concert series will begin on May 23 with Jenny DeVoe. The last concert will be September 30 and will be in conjunction with the Chamber’s Rush Fest celebration. I will keep Council and the public informed as new acts are confirmed.
- Passed out a letter from the Rush Count Fiber Optic Board, which was also addressed to Council. The letter is requesting all
governmental bodies to consider board realignment. I have spoken with a few of the board members who were present at the meeting and they agreed this was the consensus of those present at the meeting. Please read the letter and make any comments to either your appointment to the board or to myself.
