MAYOR’S REPORT * * *

Mayor Bridges reported the following to Council:

- I have received another request for the purchase of a lot in Wilson Estates. According to the State Statue it is required to hold another public hearing to have the ability to liquidate the remaining properties, should the City Council choose to sell the remaining properties. Byrne made a motion to proceed with the sale of the remaining lots at Wilson Estates. Pavey seconded the motion. Motion carried.

- On May 31st the Rush County Council rescinded the inventory tax, effective 1/1/06. In doing so they also increased the EDIT tax by .25%, now making the Rush County EDIT tax .50%. According to legal council for the Rush County Council if this action had not been taken by June 1 of this year the inventory tax would be eliminated next year and the tax shortfall would automatically be added onto the property taxes. This allowed the County to increase the EDIT tax, lessening the burden on property owners.

CITIZEN CONCERNS * * *

Councilman Byrne said he had a concern from Steve Hunter regarding the new parking ordinance in regard to trucks. Hunter said he works for the County Highway and drives his vehicle home in case of an emergency and is called out after working hours. The street he is parking on is a one-way street and he parks with the flow of traffic. Hunter said with the truck parked on the street it still measures 26 feet from the truck. In the winter he also has a snow plow attached and is unable to get the truck down the alley with the plow attached. (Councilman Sheehan entered the meeting) Hunter said he is very willing to work with the City in this situation. Fudge said he didn’t see a problem with it because of the type of vehicle it is. Hunter also said he had spoken with the neighbors and they did not have a problem with it either.

Newly annexed citizen, Ed Pribble, asked the Mayor how the annexation project is going. Bridges said it is going as scheduled and the final easement is to be signed tomorrow. The project will then go to bid.

Pribble asked, “Are you putting in a new driveway?”

Bridges said, “No.”

Common Council Minutes
Pribble asked what the City would do with the access road now.

Bridges said it was a public alley.

Pribble asked if the City maintains it.

Bridges said, yes, if it is a public alley it would be maintained by the City to the county line.

Pribble then asked why then has it been 3 weeks since he asked for stone in the alley and has not received it.

Bennett said he would get more stone out there when he has the manpower.
